**This Resource Guide is to be used in combination with the PHQ2 and for assistance and support.\***

We all have good and bad days. This is a guide to be used as a tool to help you get through those bad days. If you could use a little help and are not in an immediate crisis please refer to the green section for support. If you feel you need help from a mental health professional, please refer to the yellow section. If you feel that you are not safe, that you are in immediate danger, a threat to yourself or may hurt yourself or others, please refer to the red section or go to the nearest emergency room for help.

\*Disclaimer — This guide is not a complete list of behavioral health resources or healthcare professionals in our area.
