

## How to Start Your Own Little Free Library

1. Identify a location
  - Decide where you can legally install the library
  - The location should have a lot of foot traffic and be highly visible
2. Get a library
  - You can create and build your own library
  - You can purchase a library from various websites such as amazon and [littlefreelibrary.org](http://littlefreelibrary.org)
3. Build support
  - Ask for support from the people in your immediate circle
  - Consider reaching out to local businesses or organizations to donate supplies, plans, or building time
4. Fill the library with books
  - Ask friends if they would like to donate books
  - Buy books from a thrift store
5. Spread the word
  - Consider holding an event such as a storytelling gathering or book exchange to introduce the library
